# TESTIMONIALS

The Chocolate Factory Challenge from start to finish went very well. The event staff were fantastic. The whole event was great fun. **Logica**

The Rags to Riches event was brilliant and achieved what we wanted. Nobody left and just went to the bar. The way that event worked meant everybody was involved all the time, which is what we wanted. I even surprised myself by putting 2 golf balls, never having had a golf club in my hands before!!! I was on the winning team which made the evening even more special!!! Thanks again for everything. Will be in touch next time we have an event. **Bosch Rexroth**

The Krypton Factor was brilliant, everyone had a great time. The event staff were really good, they knew how to get the guests into the event and were really professional. We even enjoyed the induction at the beginning! **GlaxoSmithKline**

The Spy Academy event was excellent and everyone really enjoyed it. We had a two day meeting and day one was hard going so it was nice to do something fun yet still challenging. Credit to the event staff, they got everyone involved. **Environment Agency**

The Play Your Games Right was a massive success. I thought that the games were excellent and very creative. The event staff were very helpful and friendly. **Swinton**
